

The Border Vidette.

ISSUED WEEKLY AT

NOGALES, ARIZONA.

—BY—

FRANK M. KING.

AUGUST 7, 1897.

WONDER where silver is going to.

THE Republicans will give us statehood—nit.

You Tucson republicans fellows aint in it a little bit.

THERE ought to be rich placers in the Ajo mountains.

MEXICAN money is getting so cheap that it isn't of much value except to make dishes out of.

THERE is no town in Arizona where so many rich mining men meet as they do here in Nogales.

COLLECTOR H. K. Chenoweth is giving the office of collector of customs a first class administration.

It seems odd for men to leave Mexico to search for Alaska gold when there are rich placers in Sonora.

Why shouldn't the United States establish a customs cordon in Alaska about the British line? Give the Canadians a taste of our tariff.

THIS is going to be one of the greatest mining years the United States has experienced in years and Nogales will get her portion of it.

WHAT's the matter with the Tucson republicans? They seem to be left out of the territorial republican pie eating contest. They haven't had a smell yet.

PEOPLE who have property to sell in Nogales are holding the same too high. High prices always drive away intending purchaser and results in a detriment to the town.

It is too bad the people of Nogales can't have a public meeting for commercial purposes without introducing their political troubles and airing their personal grievances.

GOVERNOR McCORD made no mistake in appointing Eldridge Jordan, his private secretary. Eldridge is a boy who will attend to his duties and he won't betray confidences.

W. H. RANDALL has received a number of letters this week asking about the Ajo mountains. The letters were from both east and west and all said they had read of him in the VIDETTE.

POLITICS should be purified to the extent that the average citizen should be able to take part in campaigns without feeling the necessity of undergoing fumigation for a week thereafter.

THE climate of Nogales is unexcelled. The winters are warm and the summers are cool and delightful. The altitude is 3,500 feet which makes it very pleasant both winter and summer.

THE Dingley bill raises the duties on the necessities of life and lowers them on the luxuries. This won't cut any figure with editors for they only use the luxuries of life anyway but it will be tough on some of the bloated coal diggers who require plain necessities.

HON. M. J. NUGENT, who has just resigned the office of superintendent of the territorial prison, made the best record of any superintendent the prison ever had. He reduced the per capita cost of the prisoners' keeping to a lower price than anyone and still made more improvements on the property.

HON. J. W. DORRINGTON, the newly appointed superintendent of the territorial prison, is one of the oldest newspaper men in Arizona and has helped pave the way to civilization. He is a first class man in every respect and has always been loyal to his party. Bro Dorrington will administer the affairs of the prison ably and economically. We wish him success and if he does as well as did his immediate predecessor M. J. Nugent, no complaint will be found.

BOSS HANNA and Mr. McKinley are said to be "on the outs," and the big boss left Washington without saying good bye to the man he made president and whom he has been bossing

There are different stories as to the cause of the strained relations, but it is safe to say that they will be patched up by the time Mr. McKinley gets to Ohio, where he expects to be during the latter part of August. As soon as he takes time to think, Boss Hanna will realize that he will need Mr. McKinley in his business before that Ohio campaign is ended, and if necessary will pocket a snub or two to get his active assistance.

PRESIDENT MCKINLEY modestly says that it "too early" to tell how the Dingley tariff bill will work. The president is more modest than his party organs—they have confidence where he has doubts. But he also says "business is improving." We hope this is true. We do hope that somewhere "the wheels of industry are moving" and "the wave of prosperity" is fanning the fevered brows of the unemployed, the hungry and the needy, but we fail to see a single place up and down the country of which this can be said truthfully. As to the tariff bill, time will test its merits and time alone will do it.

Gov. McCORD made no mistake in appointing Mr. A. P. Shewman of Mesa City to the office of superintendent public instruction. Mr. Shewman is a young man who came to Arizona a few years ago as a printer, but by hard study and close application to business he was soon admitted to the bar and has since combined law practice with editing, being one of the editors of the Mesa Free Press, a live little weekly published at Mesa City. The young man has always been a consistent republican and deserves recognition by his party. THE VIDETTE congratulates the new superintendent of public instruction and wishes him all the success possible.

It would be difficult to find a more disappointed and disgruntled gang than those republicans who hoped for some sort of appointment up to the hour of Mr. McKinley's departure on an extended vacation. They had expected that a large number of appointments would be made as soon as congress was out of the way, but only a few were made and some of them were those whose nominations had failed to be acted upon by the senate. He added to their disgruntlement by amending the civil service rules so that no office holder in the classified service can be removed except for cause and upon written charges, and then only after failure to make a satisfactory defense. He pleased some of the republican congressmen by excepting from the civil service rules some of the confidential employees in each of the internal revenue and customs districts, but offended others by extending those rules to the smaller custom houses that were left cut by Mr. Cleveland.

The Grandest Remedy.
Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption; was given up to die, sought all medical treatment that money would procure; tried all cough remedies he could hear of, but got no relief; spent many nights setting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, Colds and Consumption. It don't fail. Sold by Chenoweth & Mix, Nogales, Arizona.

TOWN COUNCIL.
Regular Monthly Meeting of the Nogales Town Dads.

The town council of Nogales held its regular monthly meeting August 2, with all members and the mayor present.

A communication from E. F. Best, assistant commissioner of the general land office, stating reasons for ordering the local land office to transmit all papers pertaining to the entry of the townsite of Nogales was received and read. The assistant commissioner stated that this order was made in view of the fact that the town had not yet notified the department officially that there had been any action taken in reference to setting apart sixty feet along the line for customs purposes.

A report was received from the chairman of the finance committee recommending that the council sub-

scribe for 250 copies of the History of Pima County by J. Geo. Hilzinger and the clerk was ordered to communicate with the publishers in regard to the price to be charged.

It was ordered that \$75 be transferred from the general fund to the incidental street fund and a warrant in favor of the clerk was drawn for the same.

The following bills were audited and allowed and the clerk ordered to draw warrants for the same:

Y. Bonillas.....	\$ 30.00
H. L. St. Clair.....	4 50
J. M. Durnal.....	17.00

A HANDSOME PIANO.

The Celebrated Blasius Piano Takes The Lead.

Mrs. D. Calisher on Monday received a handsome Blasius piano from Kohler & Chase of San Francisco, and it was put into her rooms upstairs over the Nogales cyclery by H. C. Fletcher, the piano tuner. This piano is the finest instrument ever brought to Nogales in point of beauty and tone. It is an upright grand, 7 1/2 octaves; large front, round corners, three elegant raised carved panels and topmoulding, three-stringed same as grand. The outer casing consists of five thicknesses crossing each other. Repeating action, practicing pedal, graduating soft pedal. The case is handsomely finished in mahogany. The Blasius piano has been highly endorsed by such world-wide celebrities as A. L. Guille, Marie Tempest, Thomas A. Edison and Lillian Russell, and many of the leading families of the United States have the instrument in their households, among them being Mrs. Grover Cleveland, the late Mrs. Benj. Harrison, Mrs. George W. Childs and many others. There is no doubt but a large number of these pianos will be placed in southern Arizona and Sonora and anyone wishing to buy can do no better than to call on the local agent Frank M. King, at the Line City Store, and secure terms and prices. Pianos sold on easy installments. The Fisher, Webber, Wheelock, Standard, Knabe and other good makes handled.

FAIRBANKS JOTTINGS.

Rumbles of that Lively Junction Being a Terminus.

FAIRBANK, Aug. 6, 1897.

John Henry, of Benson, who has been in the county hospital for some two or three months, passed through Thursday for Benson.

What people here don't know about Clondyke has not yet been found out. All the men and half the women are going next spring.

The Southern Pacific Company is putting its new acquisition, the Nogales road, in good shape. It makes work for a small army of men, mostly Mexicans.

Mrs. Carrie M. Davis came in on the Monday evening train and will teach the ensuing term of school. Mrs. Davis is an accomplished lady, and is sure to make friends in Fairbank.

People in the burg are banking a good deal on being a terminal. They think if the Copper Queen tears up the track between this point and Benson that the attendant business of a large transfer will make a lively town.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at Chenoweth & Mix.

August 31st
is the last day of the \$1000 missing word contest.

Schilling's Best tea is wonderfully fresh and fine.

Rules of contest published in large advertisement about the first and middle of each month. A28
